

Dear readers! In order to reach our goals, the first thing we  
must do is work hard every day. But our devotion isn't  
enough, we still need help. Especially in 2021, when we  
still have students and staff who are poor. We need to  
help them. We need to help them in every way possible. I know  
why we are finally able to do this. It is because we have  
even a small amount of help from the government. We have  
not been able to do this before.
